### **Finishing**

Sew the side seams of the sleeping bag together, leaving a small opening at the top for the neck. Insert an elastic cord into the opening and secure it with a few stitches.

### **Tips**

- If you are a beginner knitter, I recommend starting with the 3mths size. The smaller size is easier to manage and will give you a good foundation for knitting the larger sizes.
- If you want to customize the sleeping bag to fit your baby's individual size, you can adjust the number of rows and stitches accordingly.
- You can use any color of yarn you like. However, I recommend using a light-colored yarn for the sleeping bag so that it is easy to see the stitches.
- Be sure to wash the sleeping bag before using it for the first time. This will help to soften the yarn and make the sleeping bag more comfortable for your baby.
